Phonics Information Evening – Year One

Dear Parents/Guardians,

We will be holding a phonics information evening for parents/guardians of Year One children. The session will include a presentation about phonics at Leasowes and the Year One phonics screening check. There will initially be information about how phonics is taught in Year 1, specifically linked to the new Little Wandle scheme with an opportunity to see a selection of phonics resources first hand. It will then cover the **Phonics Screening Check** and give you a better understanding of what the Screening Check is, when it takes place and how to prepare your child.

The same presentation will be delivered over two sessions therefore you only need to attend one session at a time which suits you best. These will take place on **Monday 22nd January 2024**

Session 1: 4:00 - 4:30pm or **Session 2: 4:45 – 5:15pm.**

We hope that you can support this evening and look forward to seeing you there.

Many thanks,

Mrs Dodd and Miss Thelwell
