

Leasowes Primary School

Dear parents/carers,

To support the curriculum this term through our Science unit 'Earth and Space', we have invited in **Wonderdome** to give the children an out of this world experience!

**Wonderdome** is a mobile planetarium company that provides amazing and unique learning experiences linked to the National Curriculum. The environment created by the dome is completely dark and will launch Year 5 into a wonderful experience of the universe which cannot be recreated in the classroom. During the day, the children will experience what it is like to explore our solar system and **WonderDome's** passionate astronomy presenters will share the specialised visual and audio equipment which projects onto the inside of the planetarium giving a 360-degree experience which is totally immersive.

**Wonderdome** will be joining us for the day on **Wednesday 22nd January** where children will be split in to smaller groups so that they will enjoy a longer and more interactive experience. We would like to ask parents/carers to make a voluntary contribution of £9.50 per child. The payment can be made by SchoolMoney or cash to the office please.

We look forward to, what promises to be, a day to remember.

Thank you for your continuing support.

Year 5 Teachers
