### Snapshots of this Week's Learning and Activities

This week, we have been reading 'Sharing a Shell', making links to different types of crabs and shells. The children have enjoyed looking at different crabs of all colours and sizes. They couldn't believe the size of a Japanese Spider Crab! They wouldn't want to see one of those in the sea. They have also been exploring different shells, sorting them into small, middle-sized and large shells. With the weather rising to high temperatures this week, we have ensured the children have had lots of opportunities to keep cool, offering them lots of shade and plenty of water play!

### Other Information
