Snapshots of the Previous Week's Learning and Activities

We started the week learning all about the festival of lights, Diwali. The children worked hard to create their very own Diva lamp. They used fine motor skills to mould the clay into their desired shape ready to be painted at the end of the week. We have also read 'The Gruffalo' and enjoyed creating Gruffalo fork paintings. We used positional language to describe where the characters were in the story, for example, *"The owl is at the top of the tree".* During their first Forest School session, the children visited our very own 'Deep Dark Wood' where they explored the outdoor environment and moved around obstacles developing their balance, coordination and confidence.

Other Information

At home, please encourage your child to put on their shoes and wellies independently. This will help greatly on PE and Forest School days and support the development of their confidence and independence. Please also remember to check your child's book bag regularly for any letters, books and artwork. Thank you.
